News from Honduras

Wings of Mercy International Ministry

Inspired by his Mercy and
Grace to serve others.

Dear friends and Brothers of the Kingdom

A special greeting to all of you and wishing you have a beautiful Christmas and a Happy New Year. Above all have peace in your hearts.

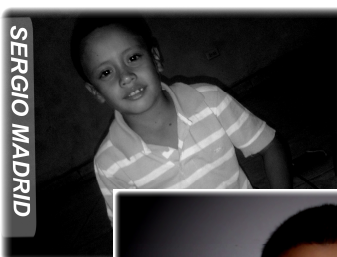

Hereby I want to thank our Father for all your support to our ministry and our family. Thank you very much and we are very grateful for your contributions this year.

The results are with 10 congregations in Honduras and one in Nicaragua with a total membership of 445 people including children.

In Nicaragua lost two Churches for lack of national vision and also because we long to help with missionary visits.

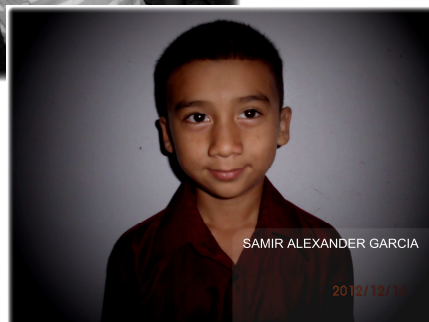

We ended the year in Action Agape with nine children. Two sponsored children who failed the school year due to lack of parental interest, we will be working with this problem for next year. We are very pleased

with the 7 children who spent their school year with high ratings and are now ready for the next grade.

YOUNG

This year we consolidated youth groups of churches. With moral and spiritual values in all events that were made. There are many young people in our churches in college in San Pedro Sula. A sponsored youth already has 8

classes; he helps us in the office in spare time. For this we give glory to God.

In conclusion, I just want your prayers and support for this year 2013 and we declare that this will be "the year of victory" can you help us make this year of

victory is much bigger?
Have a Christmas full of
grace and love

*Miguel Pinell
